

## **Raising LTD Terms and Conditions – Free TEFL course**

**Access to a free TEFL course is granted under the terms and conditions outlined below. Any breach of these terms and conditions will result in the candidate being liable to pay the full cost of the TEFL course (£129).**

**Raising LTD will provide candidates a free TEFL course under the following terms and conditions:**

1. The candidate must be signed up with Raising LTD's services. The course will be offered once a contract has been signed with a partnered organization (e.g. a school or language centre).
2. The course **MUST** be selected by Raising LTD (with the assurance that it will be accredited, it will be suitable for legalization and the candidate will receive a hard-copy certificate).
3. Access to the course will be granted once the candidate has sent all other documentation (degree certificates, DBS check etc.) to Raising LTD's office ready for legalization. The candidates' documents will then be kept by Raising LTD until legalization is complete and the candidate has received a Work Notification Letter (approximately 2 weeks after legalization is complete).
4. If the candidate fails to complete the course or defaults on their contract from the partnered organization for any reason (prior to arriving in China and up until 3 months after their arrival) the candidate **MUST** repay the full TEFL course cost (£129) within 14 working days. (If the candidate is yet to relocate, their documents will be returned within 14 working days of repayment).
